

## Operational Group Meeting Minutes

November 14th, 2017

Operational Board Facilitator: Meghan Kimberling

**Culture Moment:** Bryan's Advisory has been participating in student-led days Wednesday's, Thursday's and Friday's. They are hosting their alumni potluck next Wednesday, a tradition in their advisory. They also continue to collect and organize the recycling every Monday with Andrea's.

**Advisory Board:** At last week's AD Board meeting, they elected officers, got reports from the different groups, and planned out other meetings. The next meeting is on December 5th at 3:15. Be sure to have at least one representative from your advisory attend that meeting.

**Mural Proposal:** Abbi Seitz's mural has gotten many positive comments. Advisories should vote on supporting her proposal and bring that back to the next Op Group meeting. She is tentatively going ahead on creating her mural and hopes to finish it before the end of the year.

**Resolution #11:** Gwyneth Meek & Sophie Verbrugge brought forth a resolution to gain support in the removal of the vending machines throughout Polaris. The vending machines we have only have bottled water, are rarely used, and take up space that could be used for furniture or hangout space in lounges. Please discuss the resolution and have a vote from your advisory ready at the next Op Group meeting.

**ASD BYOD Guidelines:** The ASD BYOD technology guidelines have been put into place as the previous policy was outdated. Students interested in working on the possibility of a new technology policy should talk to Heidi or Birch.

**Advisory Flip:** Next Wednesday, November 22nd, Advisory and the morning block will be flipped. This was done to accommodate some Advisories wishing to have an extended lunch for potlucks or other activities.

### **Action/Discussion Items:**

- Encourage advisees to sign up for Remind to get minutes, reminders, and other information.  
Text @opgroup to 81010
